

DON'T WAIT!! ACTIVATE! Kim Harmon

"Lord, I just HATE IT when I forget something You've shown me! It upsets me so much when in a moment of reflection, I realize that I've fallen once again to old ways. IT UPSETS ME EVEN MORE if You taught me a new way to deal with it, but in the midst of an angry or anxious moment (when I needed it the most) I simply forgot! UGH!"

"JESUS, You said the smallest amount of faith (like a mustard seed) is enough; that IF IT'S PLANTED, it will grow! I pray that as You teach me new concepts, 'truths,' that You would please remind me how important it is to "plant" them right away, to ACTIVATE that fresh, NEW seed. There's just no lesson that takes hold better than an experience! I just know it will cause the new to embed in my spirit, because acting on a new concept is like planting that new, fresh seed!"

"I KNOW this PRACTICE, getting in this habit, will prevent future losses; that once put into PRACTICE they will be lodged deeply in my memory. As I act out Your lessons, "practice" if You will, I know that action is the definition of faith; faith that You said would not be consumed by the heat of the day, or choked by the cares of the world."

(NOTE: It has worked well for me, and I think it sends chills of delight through the heart of God, too, to immediately act on inspired ideas, rather than waiting. It almost always changes my outlook permanently on something. It's super fun to be spontaneous with God, too! It really refreshes and breathes new life on your relationship with Him, because YOU'RE BOTH HAVING FUN!!!)
